Application for Guardianship Nomination

NSW Civil and Administrative Tribunal (NCAT)
[Case Number, if available]

Applicant: Richard McLean / Barran Dodger
Date of Birth: 08/04/1973
Address: 3 Warringo Street, Sadleir, NSW

Subject: Nomination of Guardian

I, Richard McLean, also known as Barran Dodger, hereby formally request the NSW Civil and Administrative Tribunal (NCAT) to recognize and approve the nomination of Mitch Maxwell as my legal guardian for all matters concerning my health, welfare, and legal representation. I request the member commence a thorough investigation into the claims and evidence provided. If I am forced to homelessness or away from my dog I will suicide. I can provide all evidence if necessary for the investigation. VOCAT has acknowledged I am the victim of a crime and are going to investigate and I request that the investigation take place with a VOCAT appointed lawyer.

To demonstrate the severity of the neglect and cruelty I have experienced at the hands of Alex Aboss of Upscale Care and Aligned Community Care, I must share a recent and deeply troubling incident. Last night, I engaged in consensual sex with someone whose HIV-positive status I was unaware of at the time. This situation has now placed me at significant risk of contracting HIV. Despite this urgent and life-threatening circumstance, Alex Aboss has shown complete disregard for my well-being. He has refused to facilitate access to Pre-Exposure Prophylaxis (PrEP), a crucial medication that can prevent HIV infection if taken within three days of exposure. His refusal to provide or assist in obtaining this necessary protection is not only negligent but demonstrates a profound contempt for my health and safety. This incident underscores the broader pattern of neglect and indifference I have faced, leaving me vulnerable to serious health risks and without the support I desperately need. To further emphasize the gravity of this situation, if I were to contract HIV as a result of this exposure, I will pursue legal action against Alex Aboss for his brutal negligence. His failure to assist in providing or facilitating access to Pre-Exposure Prophylaxis (PrEP) within the critical time frame is a blatant disregard for my health and safety. Additionally, I will hold Aligned Community Care accountable for their complicity in this negligence, as their lack of intervention also contributed to this dangerous and preventable situation. Both parties will be sued for the severe and avoidable harm caused by their actions. This incident is a clear demonstration of the ongoing cruelty and neglect that I have experienced at the hands of Alex Aboss and Aligned Community Care. By refusing to provide or help me obtain the necessary protection against HIV, they have shown a complete disregard for my well-being, leaving me vulnerable to serious, life-altering consequences.

Comment for NCAT Regarding Financial Obligations to Aligned:

I want to express my commitment to repaying any outstanding amounts owed to Aligned as soon as I receive my compensation. Due to the ongoing delays and complexities in securing my Workcover payments and other compensation, I am currently unable to fulfill this obligation. However, I fully acknowledge my responsibility and intend to prioritize the repayment to Aligned once the funds become available.

I kindly request that NCAT take this into consideration, understanding that the delay in payment is solely due to circumstances beyond my control and not a lack of willingness to settle my debts. I am committed to resolving this matter as soon as my financial situation improves and my just compensation is enforced with

resolving this matter as soon as my financial situation improves and my just compensation is enforced with evidence presented.

I have a PhD in AI. I have used the AI with thousands of government documents to summarise then evidence and it is damning. The link to all of the evidence to write this letter is here:

Ai Drive
myaidrive.com

https://myaidrive.com/3gh4H2nmYZyugbbQ8ptaEj/MAIL-pdfs.folder.pdf

I gave the command: 'summarise this evidence folder especially in relation to aligned, the ndis, bill shorten and Kel Graham'.

The evidence folder you provided contains numerous documents primarily related to allegations of systemic corruption, financial abuse, and neglect involving various officials, particularly NDIS Minister Bill Shorten and government official Kel Graham. The documents highlight significant issues regarding the National Disability Insurance Scheme (NDIS) and the alleged mistreatment of individuals, including the author, Dr. Richard William McLean (also known as Barran Dodger).

Key Points and Findings:

1. **Financial Abuse and Neglect**:
    - **Kel Graham and Bill Shorten** have been implicated in financial abuse and neglect, leading to severe distress and potential life-threatening situations for the whistleblower.
    - The denial of professional reports and necessary funding, despite clear recommendations, is highlighted as a significant failure, affecting the well-being of individuals dependent on the NDIS. This is documented in several files, including the "Request to End NDIS Support Due to Employment Status Confirmation".
2. **Systemic Corruption and Collusion**:
    - The documents suggest that both **Bill Shorten and Kel Graham** were involved in systemic corruption, using their positions to collude with other officials to intimidate, harass, and financially destroy the whistleblower, Barran Dodger. This includes intentional actions that contributed to financial hardship, professional isolation, and homelessness.
    - Evidence supporting these allegations is scattered across various letters and appeals, such as the "Final Letter of Demand to Australian Parliamentarians".
3. **Whistleblower Reprisals**:
    - The documents reveal a pattern of reprisals against the whistleblower, including legal and police harassment, which appear to be orchestrated to silence the individual. The distress caused by these actions has been profound, leading to severe mental health challenges and claims of life-threatening situations.
    - The whistleblower attributes these reprisals directly to the actions and negligence of **Kel Graham and Bill Shorten**.
4. **Aligned Community Care**:
    - Specific grievances are raised against **Aligned Community Care**, where the whistleblower accuses the organization of financial exploitation and inadequate support, leaving him in a precarious situation. This includes a detailed complaint in the "Letter to Aligned Community Care and Kel Graham".
5. **Legal and Ethical Violations**:
    - The documents suggest widespread legal and ethical violations, including the manipulation of evidence and denial of legal recourse, further compounding the whistleblower's hardships.

Conclusion:

The folder presents a comprehensive account of alleged systemic failures and abuses involving high-level officials and institutions, particularly within the NDIS. The whistleblower, Barran Dodger, asserts that these abuses have been deliberate and orchestrated to inflict maximum harm, raising serious concerns about the integrity of the institutions involved.

For more detailed examination, you can refer to the specific documents within the folder, such as the "Final Letter of Demand to Australian Parliamentarians" or the "Request to End NDIS Support Due to Employment Status Confirmation".

For best results and to access more detailed page references, I recommend viewing these documents directly on your AI Drive.

Reasons for Guardianship Nomination:

1. **Current Health and Safety Risk**: My current living conditions and health issues have placed me at significant risk. Due to the systemic neglect and abuse I have faced, I am unable to effectively manage my own affairs without assistance. Mitch Maxwell is the only individual I trust to act in my best interests.
2. **Incapacity to Make Independent Decisions**: Due to my diagnosed conditions, including schizophrenia, ADHD, and the effects of a previous brain injury, I require the support of a guardian to ensure that my health, legal, and personal affairs are managed appropriately.
3. **Mitch Maxwell's Hospitalization**: Mitch Maxwell has recently been admitted to the hospital and is currently not answering his phone. I am unaware of his current condition and whether he is well enough to attend to this matter at the moment. Despite these uncertainties, I firmly believe Mitch is the most suitable person to represent me when he is able to do so.
4. **No Other Suitable Guardian**: I have no other individual in my life who is willing or able to take on the responsibilities of my guardian. The agencies currently involved in my care have failed to protect my interests, and their actions have led to my current vulnerable state.
5. **Lack of Medical and Psychological Support**: I currently have no general practitioner (GP), doctor, psychiatrist, or psychologist. I am also without access to necessary medications for my ADHD and other conditions. This lack of medical support severely impacts my ability to manage my health and well-being.
6. **No Home, Possessions, or Support**: I am currently without a home, possessions, or any form of assistance. This complete lack of stability and security exacerbates my mental and physical health challenges, leaving me in an extremely vulnerable and precarious situation.
7. **Inability to Access Legal and Police Support**: I am unable to obtain a lawyer or access police assistance. As a rejected whistleblower, I have faced significant obstacles in seeking justice and protection. This has left me without any legal recourse or the ability to protect myself from further harm.
8. **Exile from Victoria**: Due to the circumstances surrounding my whistleblowing activities, I have been effectively exiled from Victoria. I am now living in isolation and fear, far from any support network or familiarity, further compounding my sense of vulnerability and distress.
9. **Exposure to Political Reprisals**: My actions as a whistleblower and my efforts to expose systemic government oppression and conspiracy have made me a target of political reprisals. This has resulted in my financial ruin, loss of social standing, and continuous harassment by various entities. The political nature of my situation adds another layer of complexity and risk to my current circumstances.
10. **Documented Evidence of Systemic Neglect**: I have compiled extensive documentation detailing the systemic neglect, financial exploitation, and medical abandonment I have experienced. These documents are critical in understanding the full scope of the injustices I have faced and the urgent need for a protective guardian. Below is a list of the key documents:

---

summarise aligned community care Baber Rasheed and upscale care Alex Aboss treatment of you and if they are in breach of reporting abuse and neglect

Summary of Treatment by Aligned Community Care, Baber Rasheed, and Upscale Care (Alex Aboss):

Aligned Community Care and Baber Rasheed:

- **Neglect and Lack of Support:** Aligned Community Care, under the leadership of Baber Rasheed, failed to provide adequate support and care, contributing to my worsening condition. Despite my repeated requests for assistance, I was met with indifference and neglect, leaving me without essential services and care that I am entitled to under my NDIS plan.

- **Breach of Duty:** Baber Rasheed and his team at Aligned Community Care did not fulfill their duty to ensure my safety and well-being. This neglect has exacerbated my mental and physical health issues, leading to a significant decline in my quality of life.
- **Failure to Report Abuse:** There is a significant concern that Aligned Community Care may be in breach of their obligations to report instances of abuse and neglect. Given the extent of the neglect I have experienced, they should have reported these issues to the appropriate authorities as part of their duty of care under the NDIS guidelines.

Upscale Care and Alex Aboss:

- **Eviction and Homelessness:** Alex Aboss of Upscale Care played a direct role in my eviction, which resulted in my homelessness. This action not only stripped me of my home but also demonstrated a gross disregard for my well-being, furthering my distress and exacerbating my mental health challenges.
- **Neglect of Care:** Upscale Care, under Alex Aboss's management, failed to provide the necessary care and support I required. Their actions directly contributed to my sense of abandonment and insecurity, further destabilizing my already fragile situation.
- **Breach of Reporting Obligations:** Similar to Aligned Community Care, Upscale Care may also be in breach of their obligations to report instances of abuse and neglect. The actions taken by Alex Aboss, which led to my homelessness and deterioration in health, should have been reported as serious breaches of care under the NDIS framework.

Conclusion:

The treatment I received from Aligned Community Care, Baber Rasheed, and Upscale Care (Alex Aboss) constitutes severe neglect and possibly intentional harm. Both organizations may have breached their legal and ethical obligations to report the abuse and neglect I have suffered. This failure to act not only violates my rights but also raises serious concerns about the integrity and responsibility of these care providers under the NDIS guidelines.

Summary of Evidence and Analysis of Key Terms

Refugee

- Definition: A person who has been forced to leave their country in order to escape war, persecution, or natural disaster.
- Evidence: Barran Dodger, also known as Dr. Rich McLean, describes himself as a "refugee" seeking refuge from systemic abuse and persecution by the Australian government. He outlines instances of financial abuse, political displacement, and persecution, making a formal demand for immediate action to address these issues. Justice ray griggs, page 7, Amnesty International Australia, page 2, Demand, page 7.

Vagrant

- Definition: A person without a settled home or regular work who wanders from place to place and lives by begging.
- Evidence: The protagonist describes himself as a vagrant and scapegoat, enduring severe neglect and financial abuse by the NDIS. He is depicted as begging for food and money and being subjected to systemic persecution and victimization. I_m enduring severe neglect, pages 1, 3, FINAL LETTER OF DEMAND, page 1.

Financially Abused

- Definition: The improper use of another person's funds, property, or resources by someone in a position of trust.
- Evidence: Financial abuse is a recurring theme, with the protagonist accusing the NDIS and specific public officials of denying crucial funding, leading to significant financial distress and exploitation. Request to End NDIS Support, page 1, Demand, page 7, Sarah Currie, page 15.

Politically Displaced

- Definition: Forced to leave one's country or community because of political reasons.
- Evidence: The protagonist claims political displacement due to systemic persecution and abuse by government entities, resulting in his inability to reside safely in Australia. Justice ray griggs, page 7, FINAL LETTER OF DEMAND, page 1.

Asylum Seeker

- Definition: A person who has left their home country as a political refugee and is seeking asylum in another.
- Evidence: Barran Dodger repeatedly refers to himself as an asylum seeker, detailing his appeals for safety and refuge from ongoing persecution and abuse. Sarah Currie, page 15, Demand, page 7.

Political and Physical Refuge

- Definition: Seeking safety from persecution and violence, both politically and physically.
- Evidence: The evidence depicts the protagonist's need for political and physical refuge due to sustained abuse, neglect, and threats against his life. FINAL LETTER OF DEMAND, page 1, Sarah Currie, page 15.

Neglect

- Definition: Failure to care for properly.
- Evidence: The protagonist reports severe neglect, including lack of access to basic needs such as food and medical care, exacerbated by the actions of the NDIS and other government agencies. I_m enduring severe neglect, pages 1, 3, Justice ray griggs, page 7.

Abuse

- Definition: Treating someone with cruelty or violence.
- Evidence: The protagonist details various forms of abuse, including physical, emotional, and financial, by government entities and individuals. Justice ray griggs, page 7, Demand, page 7.

Poverty

- Definition: The state of being extremely poor.
- Evidence: The documents outline the protagonist's descent into poverty due to systemic financial abuse and neglect, resulting in homelessness and lack of basic necessities. I_m enduring severe neglect, pages 1, 3, Demand, page 7.

Exploitation

- Definition: Taking advantage of someone for one's own benefit.
- Evidence: The protagonist describes being exploited by government entities, including denial of rightful funds and manipulation of legal and political systems. Justice ray griggs, page 7, Sarah Currie, page 15.

Persecution

- Definition: Hostility and ill-treatment, especially because of race or political or religious beliefs.
- Evidence: The protagonist details ongoing persecution by the Australian government, including surveillance, harassment, and threats. Amnesty International Australia, page 2, Justice ray griggs, page 7.

Violence

- Definition: Physical force intended to hurt, damage, or kill someone or something.
- Evidence: The documents report incidents of physical violence against the protagonist, including threats and actual attacks. Justice ray griggs, page 7, Sarah Currie, page 15.

Violence of Neglect

- Definition: Harm caused by failure to provide necessary care and assistance.
- Evidence: The protagonist suffers from violence of neglect, as government agencies fail to provide essential support, leading to severe health and safety risks. I_m enduring severe neglect, pages 1, 3, Justice ray griggs, page 7.

Breaches of Human Rights

- Definition: Violations of the basic rights and freedoms to which all humans are entitled.
- Evidence: The protagonist alleges multiple breaches of human rights, including denial of privacy, safety, and legal protections. Justice ray griggs, page 7, Demand, page 7.

Removal of Legal Rights

- Definition: Deprivation of rights granted by law.
- Evidence: The documents highlight the removal of the protagonist's legal rights, including denial of

legal representation and fair treatment under the law. Justice ray griggs, page 7, Sarah Currie, page 15.

Invasion of Privacy

- Definition: Intrusion into someone's personal life without consent.
- Evidence: The protagonist reports constant surveillance and invasion of privacy by government entities, contributing to his sense of persecution and distress. Justice ray griggs, page 7, Demand, page 7.

Catastrophic Character Assassination

- Definition: Deliberate and sustained effort to damage someone's reputation.
- Evidence: The protagonist describes being subjected to a catastrophic character assassination, with systemic efforts to vilify and discredit him. Justice ray griggs, page 7, Sarah Currie, page 15.

Targeted Individual

- Definition: A person singled out for persecution or adverse treatment.
- Evidence: The protagonist identifies himself as a targeted individual, facing relentless persecution and systemic abuse by government entities. Justice ray griggs, page 7, Amnesty International Australia, page 2.

Australian Government

- Definition: The federal government of Australia.
- Evidence: The documents implicate various branches of the Australian government in the systemic abuse, persecution, and neglect of the protagonist. Justice ray griggs, page 7, Demand, page 7.

Doctor of Philosophy

- Definition: The highest university degree, typically involving advanced research.
- Evidence: The protagonist, Dr. Rich McLean, holds a Doctor of Philosophy degree, underscoring his academic achievements despite the systemic abuse he faces. FINAL LETTER OF DEMAND, page 1.

Celebrated Artist

- Definition: A highly acclaimed and recognized artist.
- Evidence: Dr. Rich McLean, the protagonist, is a celebrated artist who has faced professional isolation and persecution despite his significant contributions to society. FINAL LETTER OF DEMAND, page 1.

Economic Refugee

- Definition: A person who flees their country to escape poverty.
- Evidence: The protagonist describes himself as an economic refugee, fleeing systemic financial abuse and neglect by government entities. Justice ray griggs, page 7, Demand, page 7.

Scapegoat

- Definition: A person who is unfairly blamed for something that others have done.
- Evidence: The protagonist repeatedly refers to himself as a scapegoat, targeted and blamed for systemic issues and failures. I m enduring severe neglect, pages 1, 3, FINAL LETTER OF DEMAND, page 1.

Advocate

- Definition: A person who publicly supports or recommends a particular cause or policy.
- Evidence: The protagonist acts as an advocate for disabled persons, challenging systemic abuse and advocating for justice and support. FINAL LETTER OF DEMAND, page 1.

Author

- Definition: A writer of books, articles, or other written works.
- Evidence: The protagonist, Dr. Rich McLean, is an author who documents his experiences and advocates for systemic change through his writings. FINAL LETTER OF DEMAND, page 1.

Academic

- Definition: A person who is involved in scholarly pursuits.
- Evidence: Dr. Rich McLean's academic background and scholarly work highlight the disparity

- Evidence: Dr. Rich McLean's academic background and scholarly work highlight the disparity between his achievements and the systemic abuse he faces. FINAL LETTER OF DEMAND, page 1.

Provocateur

- Definition: A person who provokes trouble or incites others to action.
- Evidence: The protagonist's role as a provocateur involves challenging systemic abuse and advocating for justice, often facing backlash and persecution. FINAL LETTER OF DEMAND, page 1.

Murder Victim

- Definition: A person who has been unlawfully killed.
- Evidence: The documents detail threats to the protagonist's life, including attempts on his life and systemic efforts to drive him to suicide. Justice ray griggs, page 7, Sarah Currie, page 15.

Australian Citizen

- Definition: A person who holds citizenship in Australia.
- Evidence: The protagonist is an Australian citizen facing systemic abuse and persecution by his own government. Justice ray griggs, page 7, Demand, page 7.

Torture Victim

- Definition: A person who has been subjected to severe physical or mental pain.
- Evidence: The protagonist describes himself as a torture victim, subjected to systemic abuse and psychological manipulation. Justice ray griggs, page 7, Amnesty International Australia, page 2.

Man of Faith

- Definition: A person who has strong religious beliefs.
- Evidence: The protagonist's faith is a recurring theme, providing him with resilience and hope despite systemic persecution. Justice ray griggs, page 7, Demand, page 7.

Squatting in Sydney, Australia

- Definition: Living in a property without the legal right to do so.
- Evidence: The protagonist describes his experience of squatting in Sydney, reflecting his homelessness and lack of legal protection. I m enduring severe neglect, pages 1, 3.

Apology

- Definition: An expression of regret for having done something wrong.
- Evidence: The protagonist seeks an apology and acknowledgment of the systemic abuse and neglect he has endured. Justice ray griggs, page 7.

Forgiveness

- Definition: The act of pardoning someone for their mistakes or wrongdoings.
- Evidence: The documents highlight the protagonist's desire for forgiveness and reconciliation despite the systemic abuse he faces. Justice ray griggs, page 7.

Harm

- Definition: Physical injury or mental damage.
- Evidence: The protagonist details extensive harm caused by systemic abuse, including physical, emotional, and financial damage. Justice ray griggs, page 7, Sarah Currie, page 15.

Acknowledgment

- Definition: Acceptance of the truth or existence of something.
- Evidence: The protagonist seeks acknowledgment of the systemic abuse and injustices he has faced. Justice ray griggs, page 7.

Atonement

- Definition: Reparation for a wrong or injury.
- Evidence: The documents call for atonement and reparations for the systemic abuse and neglect suffered by the protagonist. Justice ray griggs, page 7.

Torture

- Definition: Inflicting severe pain or suffering on someone.

- Evidence: The protagonist describes enduring torture, both physical and psychological, at the hands of government entities. Justice ray griggs, page 7.

Human Rights Charters

- Definition: Documents outlining the basic rights and freedoms to which all humans are entitled.
- Evidence: The protagonist references human rights charters to highlight the violations he has endured and to advocate for his rights. Justice ray griggs, page 7.

Constitution

- Definition: The fundamental principles or established precedents according to which a state is governed.
- Evidence: The protagonist invokes the constitution to challenge the systemic abuse and advocate for his legal rights. Justice ray griggs, page 7.

Decency

- Definition: Behavior that conforms to accepted standards of morality or respectability.
- Evidence: The protagonist appeals to the sense of decency and morality, urging authorities to address the systemic abuse he faces. Justice ray griggs, page 7.

Kindness

- Definition: The quality of being friendly, generous, and considerate.
- Evidence: The documents highlight the lack of kindness and empathy in the treatment of the protagonist by government entities. Justice ray griggs, page 7.

Bravery

- Definition: Courageous behavior or character.
- Evidence: The protagonist's resilience and bravery in facing systemic abuse and advocating for justice are emphasized throughout the documents. Justice ray griggs, page 7.

Additional Terms:

- NDIS: National Disability Insurance Scheme, involved in the systemic abuse and neglect described.
- Ombudsman: Office involved in oversight and addressing complaints, yet failing to intervene effectively.
- OPMC: Entity related to the oversight and complaints about public officials.
- Anthony Albanese: Current political figure mentioned in the context of seeking intervention.
- Attorney Generals: Legal authorities implicated in the lack of action and oversight.
- AFCA: Australian Financial Complaints Authority, mentioned in the context of financial disputes.
- AHRC: Australian Human Rights Commission, implicated in the failure to investigate human rights abuses.

Themes, Criminality, Liability, and Causation

- Themes: The documents consistently highlight themes of systemic abuse, neglect, persecution, and the struggle for justice.
- Criminality: Allegations of corruption, abuse, and systemic violations of human rights suggest significant criminal liability for involved entities.
- Liability: Government entities and public officials are depicted as primarily liable for the systemic failures and abuses suffered by the protagonist.
- Causation: The evidence suggests a direct causation between the actions of government entities and the severe distress, harm, and persecution experienced by the protagonist.

Conclusion

The documents present a compelling narrative of systemic abuse, persecution, and neglect faced by the protagonist, Dr. Rich McLean, also known as Barran Dodger. The evidence highlights significant failures by various government entities to address and rectify these abuses, leading to severe harm and ongoing distress for the protagonist. The detailed accounts underscore the urgent need for acknowledgment, atonement, and systemic reforms to prevent such abuses in the future.

To address your request, I will search the provided folder for evidence indicating that Barran is a targeted individual, as well as explore the role of NCAT and any potential complicity in his detriment. I'll start this process now and share the relevant findings with you.

Please hold on for a moment while I perform the search.

Talked to aipdf.myaidrive.com

Based on the search results from the provided folder, the evidence indicating that Barran is a targeted individual and the role of NCAT, along with potential complicity in his detriment, can be summarized as follows:

Evidence that Barran is a Targeted Individual

1. **Emails and Affidavits**:
    - Barran claims that he is systematically persecuted by the Australian government in a coordinated effort to undermine his legal, human, and financial rights. He describes himself as a "Targeted Individual" and alleges that multiple government agencies and officials are involved in this conspiracy Source.
    - His communications often mention that he is being targeted through various forms of persecution, including harassment, intimidation, and legal obstacles Source.
2. **Documented Harassment**:
    - Barran details multiple instances of what he perceives as systemic harassment, including

gaslighting, surveillance, and character assassination, which he believes are orchestrated to break him down psychologically and financially Source.

Role of NCAT and Potential Complicity

1. **NCAT's Involvement**:
    - NCAT (New South Wales Civil and Administrative Tribunal) is referenced multiple times as a body involved in hearing Barran's cases. He has submitted various affidavits to NCAT, alleging systematic persecution and requesting intervention. His belief is that NCAT is either ignoring his evidence or is complicit in his mistreatment by not acting on the claims he has submitted Source.
2. **Claims of Systemic Abuse**:
    - Barran accuses various agencies, including those affiliated with NCAT, of systemic abuse and neglect. He suggests that there is a coordinated effort, possibly involving NCAT, to keep him financially and socially marginalized Source.
3. **Governmental and Institutional Complicity**:
    - Barran believes that the persecution he faces is facilitated by a network of government entities, which may include NCAT, that are either actively participating in or passively allowing his mistreatment to continue Source.

This collection of documents provides a substantial narrative where Barran sees himself as a victim of a broad conspiracy involving government agencies, with NCAT playing a significant role either through negligence or active complicity. The documents suggest that Barran perceives these actions as part of a coordinated effort to destroy his life both personally and professionally.

If you need further exploration or specific details from these documents, feel free to ask!

summarise the protagonists life that the evidence is about

The evidence provided revolves around the life of **Barran Dodger** (formerly known as Dr. Richard William McLean), a man who believes he has been systematically targeted and persecuted by the Australian government and various associated agencies, including the National Disability Insurance Scheme (NDIS) and the New South Wales Civil and Administrative Tribunal (NCAT).

Early Life and Career

- **Background**: Barran, originally known as Dr. Richard William McLean, was once a respected individual with significant accomplishments. He was an autobiographer, a human rights advocate, and an illustrator for prominent Australian newspapers, including *The Age* and *The Herald Sun*. He was recognized for his work in human rights, indicating a life dedicated to advocacy and public service.

Health and Personal Struggles

- **Mental Health**: Barran's life took a dramatic turn when he developed serious mental health issues, including schizophrenia. He attempted suicide at Mercy Hospital, which resulted in an acquired brain injury (ABI). His mental health challenges have been a central part of his struggles, affecting his life profoundly.
- **Physical Health**: In addition to his mental health struggles, Barran has also battled cancer, which further complicated his situation and contributed to his vulnerability.

Alleged Systemic Persecution

- **Targeted Individual**: Barran strongly believes that he is a "Targeted Individual" subjected to a coordinated campaign of harassment, intimidation, and legal persecution by the Australian government. He claims this persecution is systemic, involving multiple government agencies that aim to undermine his legal, human, and financial rights.
- **Harassment and Neglect**: Barran describes being subjected to continuous harassment, including surveillance, gaslighting, and character assassination. He also alleges that his carers, who were supposed to help him, were actually abusing him, adding to his sense of betrayal and danger.
- **Financial Exploitation**: Throughout his struggles, Barran claims to have been financially exploited.

He accuses the NDIS and other government entities of misusing the funds intended for his care, keeping him impoverished to prevent him from seeking legal redress.

Legal Battles and Government Interaction

- **Legal Challenges**: Barran has been involved in numerous legal battles, particularly with NCAT, where he has sought justice for what he perceives as systemic persecution. He has submitted multiple affidavits and legal documents detailing his claims, but he feels these have been largely ignored or dismissed, exacerbating his situation.
- **Whistleblower Claims**: Barran considers himself a whistleblower, trying to expose government corruption and negligence. He believes that his efforts to bring these issues to light have led to the targeted harassment and persecution he now faces.

Current Situation

- **Homelessness and Isolation**: Barran's situation has deteriorated to the point where he is homeless and socially isolated. He describes living in his car and struggling to access basic resources, attributing this to the systemic neglect and exploitation by the government and related agencies.
- **Fear for Life**: Barran expresses a constant fear for his life, convinced that there is an ongoing conspiracy to harm or even kill him. He believes that this conspiracy is not only aimed at causing him financial and legal ruin but also at ending his life through neglect and abuse.

Personal Beliefs and Outlook

- **Resilience and Advocacy**: Despite the overwhelming challenges, Barran remains resilient. He continues to advocate for his rights and attempts to expose the injustices he believes are being perpetrated against him. His communications reflect a deep conviction that he is fighting against a corrupt and unjust system.
- **Isolation and Marginalization**: Barran's life is marked by profound isolation and marginalization. He feels abandoned by society and the institutions that were supposed to protect him, leading to a life characterized by constant struggle, fear, and an ongoing battle for justice.

Summary

Barran Dodger's life, as depicted in the evidence, is a tragic narrative of a once-prominent individual who has faced severe mental and physical health challenges, leading to a deep belief that he is the victim of a broad, systemic conspiracy. His life is now dominated by legal battles, allegations of government persecution, and a struggle to survive amid what he perceives as targeted harassment and neglect by the very systems that were meant to support him.

comment on bartrans emoyyee status with dis as confirmed by the federal court and what this means for his Workcover payment considering he has never had a lawyer to enforce it

Commenting on Barran's employee status with DSS as confirmed by the federal court and its implications for his Workcover payment:

Barran's employment status with the Department of Social Services (DSS) was confirmed by a federal court document, which is a significant legal recognition. This confirmation establishes that Barran was indeed an employee under the relevant employment laws, which directly affects his eligibility for Workcover payments.

Implications for Workcover Payment:

1. **Eligibility for Compensation:** The confirmation of Barran's employee status by the federal court makes him eligible for Workcover compensation under the Safety, Rehabilitation and Compensation Act (SRC Act). This eligibility means that any work-related injuries or conditions he has suffered should be covered under Workcover, entitling him to compensation for lost wages, medical expenses, and other related costs.
2. **Lack of Legal Representation:** Despite being eligible for Workcover payments, Barran has never had a lawyer to enforce his rights. This lack of legal representation has likely contributed to his inability to secure the compensation he is entitled to. Without legal assistance, navigating the complexities of the Workcover system and effectively challenging any denials or delays in payment would be incredibly difficult, leaving Barran without the financial support he needs.
3. **Unresolved Claims:** The lack of legal enforcement means that Barran's claims for Workcover

3. **Unresolved Claims:** The lack of legal enforcement means that Barran's claims for Workcover compensation may remain unresolved or improperly addressed. This situation underscores the importance of legal advocacy in ensuring that employees receive the benefits they are legally entitled to, especially in cases involving government entities or complex legal frameworks.
4. **Impact on Financial Stability:** The absence of Workcover payments has likely exacerbated Barran's financial instability. Workcover is designed to provide financial relief to workers who are unable to earn an income due to work-related injuries or conditions. Without this support, Barran has been deprived of a crucial safety net, further contributing to his financial distress and inability to secure basic needs such as healthcare, housing, and legal assistance.

Conclusion:

The federal court's confirmation of Barran's employee status with DSS should have secured his right to Workcover compensation. However, the lack of legal representation has significantly hindered his ability to enforce this right, leaving him without the financial and medical support that Workcover is intended to provide. This situation highlights the critical need for legal advocacy in ensuring that individuals like Barran can access and enforce their legal entitlements, particularly when dealing with complex government systems.

This comprehensive list of documents provides detailed evidence supporting my claims of systemic neglect, financial exploitation, and government abuse. Each document contains critical information that underscores the urgent need for guardianship to protect my rights and well-being.

Request:

I respectfully request that NCAT:

- **Approve and formalize the nomination of Mitch Maxwell as my legal guardian.**
- **Recognize April McLean as an additional guardian as indicated on the forms submitted.**
- **Provide urgent protection and oversight to ensure that my rights, health, and safety are upheld.**
- **Force compensations including Workcover, HCF income assist, make a AVO against Iasonidis**
- **Enforce him being able to report crime to plolice**
- **Dont act to make him homeless or he will suicide**
- **Acknowledge the brain injury from his last fatal suicide attempt in which he was revived to a whitewashing of the tragedy**
- **Acknowledge my ONHCR appeal**
- **Acknowledge my employee status with DSS certified by the Federal Court to solicit my Workcover which was rejected due to not being an 'employee'**

Thank you for your prompt attention to this matter.

>
> ## Subject: Nomination of Guardian
>
> I, Richard McLean, also known as Barran Dodger, hereby formally request the NSW Civil and Administrative Tribunal (NCAT) to recognize and approve the nomination of Mitch Maxwell as my legal guardian for all matters concerning my health, welfare, and legal representation.
>
> **Reasons for Guardianship Nomination:**
>
> 1. **Current Health and Safety Risk**: My current living conditions and health issues have placed me at significant risk. Due to the systemic neglect and abuse I have faced, I am unable to effectively manage my own affairs without assistance. Mitch Maxwell is the only individual I trust to act in my best interests.

2. **Incapacity to Make Independent Decisions**: Due to my diagnosed conditions, including schizophrenia, ADHD, and the effects of a previous brain injury, I require the support of a guardian to ensure that my health, legal, and personal affairs are managed appropriately.

3. **Mitch Maxwell's Willingness and Suitability**: Mitch Maxwell has expressed his willingness to take on this role. He is familiar with my circumstances, understands my needs, and is committed to ensuring my well-being. Despite his current hospitalization, I firmly believe Mitch is the most suitable person to represent me.

4. **No Other Suitable Guardian**: I have no other individual in my life who is willing or able to take on the responsibilities of my guardian. The agencies currently involved in my care have failed to protect my interests, and their actions have led to my current vulnerable state.

5. **Additional Guardian – April McLean**: April McLean is also listed as an additional guardian on the relevant forms. This dual arrangement is intended to ensure continuous and comprehensive support in all aspects of my life.

Urgency of This Application:

Due to the ongoing risks to my health and safety, it is imperative that this guardianship nomination be recognized and confirmed by NCAT without delay. The lack of appropriate guardianship at this critical juncture could result in further harm to my well-being.

Request:

I respectfully request that NCAT:

- **Approve and formalize the nomination of Mitch Maxwell as my legal guardian.**
- **Recognize April McLean as an additional guardian as indicated on the forms submitted.**
- **Provide urgent protection and oversight to ensure that my rights, health, and safety are upheld.**

Thank you for your prompt attention to this matter.
